

Darlington Farmers Auction Mart held their 'Early Spring Collective Sale' of Tractors, Vehicles, Implements, Machinery and Plant Equipment at Humbleton Farm, Darlington on Saturday 7th April 2018.

A new sale in the DfAM calendar was very well supported despite mother natures best efforts to hamper proceedings, top priced lot was a mobile corn mill which sold for £2700 with a 2012 plate Honda 500 quad bike exceeding pre sale expectations reaching £2400. Plenty of interest as usual in livestock requisites and fencing materials, the small tool section proved popular with plenty of interesting, functional and quirky items on offer, next sale is 5th May 2018.
